

Easter Trail on The Mead

Look for 20 decorated eggs in the area marked on the map overleaf. Open the flap on each egg to find the number and a question. Write the answer against the egg number in the box below, and write the correct letter next to it. (Some eggs will give you a TRUE or FALSE answer; for others you will need to choose between the options.) When you've found all the eggs, work out the hidden Easter message. Come and find us in The Red Admiral to claim your chocolate prize when you've finished! (We'll be there between 11 and 4 on Easter Monday 21st April). Please ask if you need help!
